Blessing of Church Outside.

Blessing of Church Inside.

PRELIMINARY BLESSING.

(C) (9) When the Excellency goes to high situr, which he consecrates, four bishops, vizi, Northrop, Donahue, Monaghan and Kelley, go each to one of the four side altars. Whilst His Excellency consecrates high altar, these consecrate side altars. The same kind of ceremony is performed at each altar. Each bishop has separate priests to assist. This is the principal ceremony of consecration, and requires from three to three and one-half hours to perform-with what is mentioned in following numbers:

The altara are sprinkled seven times, the consecrator going around it each time.

time.

(19) These times His Excellency and ministers go around the interior walls, sprinkling them and blessing. The priests chant the antiphon: "This is the house of the Lord, firmly built. Well is it founded upon an immovable rook."

(11) Then floors of church are blessed, His Excellency passing from altar to door, then through the side and transverse atsies. Meantime, the priests chant these words in Latin. "My house shall be called a house of prayer. I will tell Thy name to my brethren. In the midst of Thy church will I praise Thee! * * This is none other than the house of God, the gate of Heaven! * * I, Jacob, beheld a ladder, whose sum-

Read This! You Save Money

The first carload of the famous Cable Line of Pianos, which is part of the tremendous stock that we will dispose of at our REGULAR ANNUAL CHRISTMAS SALE, has arrived, and the elegant instruments are now in our warerooms and parlors.

You are invited to examine them carefully, and we urge you to do this because they represent by far the finest Pianos that are manufactured by the Cable Company and Mason & Hamlin Company.

These famous Pianos are standards of the world, and the fact that more of them have been sold in Richmond, Virginia and North Carolina during the past fifteen years than all other makes is ample proof that the Virginia and North Carolina people concur in the opinion of the people of the rest of the United States as to the marked worth of The Cable Line of Pianos and their superior musical qualities.

The Mason & Hamlin, Conover, Cable, Kingsbury, Wellington and DeKoven Pianos, which compose The Cable Line, are instruments which combine all the desirable qualities of workmanship, material and brains in their most excellent form. They are built by men who have spent their lives building Pianos, and every part of construction, the sounding board, patent action, elegant artistic case, stamps them as the best possible in Pianos.

Music with these Pianos is music. The beautifully sweet, singing tone is there; the clear, silvery, resonant notes, both of treble and bass, is in its fullest perfection, and the most difficult technique is made possible by the wonderfully responsive repeating action.

Beginning now and continuing until Xmas, all Pianos sell at considerable reduction.

Come now and select yours. No matter about the cash! we open a charge account, and you can pay when you will.
